"It's all one song"
-Neil Young

ONE SHEET

"I was knocked out by the show at the Greenbelt Arts Center. It was more than I could have hoped for. Intense, emotional, fun, with a dash of excitement thrown in! I can't conceive of a better interpretation of Neil Young. Many, many thanks."
-Colette Z- (Greenbelt Arts Center)

Discover or relive the music of rock icon Neil Young with Jeff Taylor's Neil Young Tribute show. It doesn't matter whether you enjoy his soothing acoustic sounds or one of Neil's many rockin' tunes, Jeff Taylor's Tribute pays homage to legendary Young's career with the same creativity and passion as the man himself.

Jeff performs his solo acoustic show with a stage presence displaying an array of instruments including acoustic guitars, harmonicas, banjo, acoustic grand piano, and pump organ. His tribute sounds much the same as an unplugged performance of a live Neil Young solo concert.

Jeff Taylor's Neil Young Tribute delivers a great performance of one of rock music's true masters.

A must see show for all age groups.
